A compassionate gift to support High Pointe House

High Pointe House is a 21-suite acute care residence serving the end of life needs of patients and families throughout the region. Located in a beautiful, wooded area and surrounded by tall pines, the House provides compassionate, specialized medical care, support to patients and grief and bereavement services to families and loved ones. The warm and serene setting and meticulous design allows patients and families to gather in comfort. There are private areas for reflection and solitude and public areas for companionship and conversation. The staff includes the very best experts: physicians who are board certified in hospice and palliative care that work collaboratively with specially trained nurses, social workers, chaplains, aides and volunteers.

Your purchase of a Tribute Walkway brick supports High Pointe House and helps to extend our mission of care and compassion and to ensure that all patients and families have the services they need at end of life.

The Tribute Walkway at High Pointe House

The Tribute Walkway

As visitors walk the brick-paved path encircling High Pointe House, they are reminded that they are not alone. The walkway connects us to each other and the caring experienced at the House. With a donation recognized by a personalized inscribed brick, you may honor a person or special milestone, the memory of a loved one or offer words of encouragement to help others as they travel along the path.

Gifts are acknowledged by two brick sizes:

- 4" x 8": \$500 donation (3 lines of personalization)
- 8" x 8": \$1.000 donation (5 lines of personalization)

An exact replica of your choice of brick in miniature is also available for purchase at \$25. These mini bricks are the perfect way to share your personalized message with others or to give as a gift. It will be shipped directly to you.
